

## **Water/Wastewater Engineer**

Tired of rush-hour traffic stealing your time and stressing you out? You can relax and take back your life if you come work for us. Relocate to Wausau or – we can talk about telecommuting.

Becher Hoppe is seeking a municipal Water/Wastewater Engineer, with 5 or more years of experience. The ideal candidate for this position is passionate about water and wastewater projects. Tell us what you love about sludge!

We're seeking someone who has previous project management, a sense of humor (because we like to have fun at work), and a helpful, team-oriented spirit. If you're looking for an opportunity to step up and make an immediate contribution to our team and our clients, send us your resume and cover letter.

Becher Hoppe is an 18-person engineering and survey firm located in beautiful downtown Wausau. The area has a thriving arts and music scene, and is home to numerous recreational facilities like Granite Peak Ski Resort, Nine Mile Rec Area (cross-country skiing and mountain biking), Wausau Curling Club, and much more!

The standard stuff: The position will involve water/wastewater facilities design, permitting, water distribution systems and pumping stations, sewer collection systems and lift stations, storm water systems, water/wastewater grant assistance, identifying future work prospects, and maintaining client relationships.

You must have clear and concise written and verbal communication skills with a demonstrated ability to coordinate meetings, conduct effective client presentations, and prepare written reports. Your experience should include project planning and budgeting. A Wisconsin Professional Engineer (PE) license or the ability to achieve license within six months is required. We are offering a 10% of annual salary signing bonus.

We offer Health, dental, and vision insurance; paid time off, paid holidays, and a 401K plan .
